How to make a claim

Details about making a claim are shown in the policy under "What You must do when You make a claim".

The amount you pay for this insurance

The premium payable by You for this insurance will be shown on Your Schedule.

The key factors that influence the premium calculation are reflected in the questions asked, and information sought, at the time of Your enquiry or application for insurance. We take into consideration a number of factors in setting Our premiums.

These factors include for domestic farm building and domestic contents the location, construction, condition, and age, of the property being insured. For Personal Income insurance, these factors include the age, current health and previous history of illness and injury of the person covered for accident, or accident and illness. For all covers we will also take into account your previous insurance and claims history.

Your premium also includes amounts that take into account Our obligation (actual or in some cases estimated) to pay any relevant compulsory government charges, taxes or levies (e.g. Stamp Duty, GST and Fire Services Levy) in relation to the policy. Where We are required to pay an estimated amount (e.g. for a Fire Services Levy) based on criteria set by the government, We allocate to the policy Our estimate of the amount We will be required to pay. We may over or under recover in any particular year and We do not adjust Your premium because of this.

The premium charged together with the actual amount of these individual taxes and/or charges will be displayed in the Schedule. You can ask Us for more detail.

The premium amount payable (including the charges, taxes or levies included within it) will be specified in the Schedule.

If You change the policy in any way, You may be entitled to a partial refund of premium or be required to pay an additional amount.

If We are unable to issue Your insurance when We receive Your application, We are required to hold Your premium in a trust account on Your behalf until Your insurance can be issued.

We will retain any interest payable by Our bank to meet, among other things, bank fees and other bank costs We incur in operating the account.

Countrypak Insurance Policy

About your policy

Your policy is a contract of insurance between You and Us. Your policy includes information on the following:

- when You are insured
- who is insured under Your policy
- what You are covered for
- what Your policy does not cover
- Excesses that may apply
- how We pay claims.

If We accept Your application for insurance, You will receive a Schedule that sets out details of the insurance You have taken out as described in this policy.

Our agreement with You is made up of Your current Schedule and this policy, as well as any endorsements We send to You.

Together, they make up Your insurance contract with Us. Read them carefully and store them together in a safe place.

We recommend that You keep receipts for major items You purchase.

When you are insured

Your insurance begins when We accept Your application.

The commencement date of Your insurance will be shown on the Schedule We will send You.

The insurance applies for the period for which You have paid Us (or agreed to pay Us) the premium. You may pay Your premium by cash, cheque or credit card. If Your cheque or credit card is dishonoured by Your financial institution, You are not insured.

You can also pay Your premium by instalments direct from a financial institution account or from Your credit card. You cannot make a claim under this policy if You owed Us more than one month's premium at the time when the event You want to claim for occurred.

If You pay Your premium by instalments and You are more than one month behind, We can cancel Your policy.

If You have a total loss, We shall deduct the instalments for the remaining period of insurance from the amount we pay You.

This insurance will not apply to Your property insured under any section of this policy, for a period of forty eight (48) hours from the time of the commencement of Your insurance, for damage or loss caused by:

- bush fire or grass fire, or
- a Named Cyclone,

unless:

- risk passed to You as purchaser of Your home immediately before You took out this policy, or
- You signed a lease contract for Your home immediately before You took out this policy, or

Any other people or entities not in this category or not named on the policy schedule are not covered and cannot make a claim under this policy. All third party beneficiaries must comply with the terms and conditions of the policy.

Where the separate interests of more than one party in the property insured are insured under this policy, any act or neglect of one party will not prejudice the rights of the remaining party or parties provided that the remaining party/ies are entirely innocent of and have no prior knowledge of any such act or neglect and shall, within a reasonable time after becoming aware of any act or neglect whereby the risk of loss, damage or destruction has increased, give notice in writing to Us and shall on demand pay such reasonable additional premium as We may require.

- pay You the cost of replacement or repair.

We decide which one We will do.

When a Valuable Item is part of a pair, set, system or collection, We will only pay the value of the Valuable Item itself.

The most We will pay is the value that the Valuable Item has as a proportion of the combined pair, set, system or collection. We will only pay the cost of replacing the Valuable Item even though the pair, set, system or collection to which it belongs is less valuable because it is incomplete.

We will reduce any payment for loss of a Valuable Item under this section by the amount We pay You for the same Valuable Item under Your Domestic Contents insurance.

Limit for valuable items

The most We will pay for any one item, pair, set, collection or system is \$10,000 for Valuable Items.

You can insure items, pairs, sets, collections or systems that are worth more than the above limits for their actual value as “special Valuable” Items. To do this You must advise Us and the items will be listed on Your Schedule. The most We will pay in total for all Valuable Items is the amount shown on Your Schedule.

- **Part A – Loss of Farm Income**
- **Part B – Farm Continuation Expenses**
- **Part C – Loss of Rent Receivable**
- **Part D – Loss of Agistment Income**

Words that have a special meaning in this section

In this section there are words that have a special meaning: They are listed below. Where these words are used in this section, they are shown with a capital letter. The singular shall include the plural and vice versa, except where the context otherwise requires.

Agistment Income means the money that You are paid or is payable to You for the agistment of Livestock. This only applies to Livestock which do not belong to You and which are at the Situation.

Standard Agistment Income means the actual agistment income You earned during the twelve (12) months prior to the start of the Indemnity Period.

If, at the start of the Indemnity Period, You have completed less than twelve (12) months trading, standard agistment income means the agistment income You earned during the period between the date You started the Business and the date of the destruction, loss or damage.

We may adjust this income as necessary to provide for the trend of the Business and for variations or other circumstances, which would affect the Business, either before or after the date of the destruction, loss or Damage.

Annual Rent Receivable means the rent receivable by You during the twelve (12) months immediately before the date of the Damage.

Annual Revenue means the Revenue earned by You during the twelve (12) months immediately before the date of the Damage.

Damage means physical loss, destruction or damage (occurring during the period of insurance) caused by an event covered under Domestic Buildings and Domestic Contents Section 1, Farm Property Section 2, Farm Machinery insured under Section 3, Farm Machinery and Specified Items insured under Section 4, Hay, Grain Fencing or Livestock insured under Section 5.

Documents means deeds, wills, agreements, manuscripts, maps, plans, drawings, records, computer data, computer disks, designs, Business and accounting records, books, letters, certificates or forms or other similar materials. This does not include bearer bonds or coupons, bank or currency notes, other negotiable instruments or book debts.

Farm Planning Costs mean costs incurred for the future planning of the use of Pasture and insured Property following an insured loss.

Indemnity Period means the period beginning with the date of the occurrence of the Damage during which the results of Your Business are affected by the Damage and ending at the expiration of the maximum period specified in the current Schedule.

Livestock in this section means the same as defined in Section 5.

Pasture means growing grasses, legumes, and herbage that are used for the purpose of grazing Livestock.

Property means Business contents insured under Section 1, Farm Property insured under Section 2, Farm Machinery insured under Section 3, Farm Machinery and Specified Items insured under Section 4, Hay, Grain Fencing or Livestock insured under Section 5.

Revenue means the money paid or payable to Your Business for:

- farm produce sold and delivered (after adjustments for opening and closing work in progress and farm produce)
- agisting Livestock that You do not own at the Situation, and
- services rendered in connection with Your Business.

Standard Rent Receivable means the Rent Receivable during the period in the twelve (12) months immediately before the date of the Damage which corresponds with the Indemnity Period.

Standard Revenue means the Revenue earned within that period during the twelve (12) months immediately before the date of the Damage which corresponds with the Indemnity Period.

Uninsured Working Expenses means the working expenses of Your Business which You have elected not to insure under this section, and which are specified in the current Schedule.

When we will pay

There are four options available in this section:

Option A – Loss of farm income

Loss of farm income (Revenue), is the amount by which the Revenue earned during the Indemnity Period falls short of the Standard Revenue as the result of the Damage; and in respect of the increase in cost of working, the additional expenditure necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the loss of Revenue which, but for the additional expenditure, would have taken place during the Indemnity Period as the result of the Damage. However, Our payment in respect of the increase in Your cost of working will not exceed the amount of reduction in Revenue You have avoided, less any amount that has been saved during the Indemnity Period for charges and expenses of Your Business payable out of Revenue that may cease or be reduced as the result of the Damage.

Option B – Farm continuation expenses

We will pay You the additional expenses necessarily and reasonably incurred by You for the sole purpose of maintaining Your Business at the Situation on the same basis as the twelve (12) months immediately before the Damage including any costs that You reasonably and necessarily incur to feed or agist Livestock belonging to You which were kept at the Situation including any required transport costs.

We will not pay more than the amount of farm income in the twelve (12) months immediately before the claim.

Option C – Loss of rent

Loss of rent, is the amount that falls short of the Standard Rent Receivable that You would have received, following the Damage; and any additional expenditure necessary for the purpose of avoiding further loss of rent. However, such additional expenditure cannot exceed the amount of the reduction in lost rent.

Cover for loss of rent will end, when Your property or Pasture is able to be rented.

Option D – Loss of agistment income

We will pay for the loss of Agistment Income if Your Business is interrupted following Damage to Pasture caused by fire, lightning or thunderbolt and which requires the movement of the agisted animals from Your Situation to another property

Your Schedule will indicate which options are covered under Your policy.

Cover provided for Options A, B, C, & D

In the event of interruption of or interference with Your Business in consequence of Damage during the period of insurance to any:

- a) Property
- b) farm machinery and their attachments insured with Us under the agricultural machinery section of Our farm motor policy
- c) Damage to Pasture caused by fire, lightning or thunderbolt,

We will pay You the amount of the loss resulting from such interruption or interference set out in a) to c) above.

Provided in relation to the above cover that:

- a) the payment is calculated in accordance with 'How we will pay' set out below
- b) Our payment will in no case exceed the sum insured shown in the current Schedule.

How we will pay

In calculating the settlement under Options A, B and/or C, adjustments will be made to Annual Rent Receivable, Annual Revenue, Standard Rent Receivable and Standard Revenue as may be necessary to provide for the trend of Your Business and for variations in or other circumstances affecting Your Business either before or after the Damage or which would have affected Your Business had the Damage not occurred, so that the adjusted figures will represent as nearly as may be reasonably practicable the results which, but for the Damage, would have been obtained during the relative period after the Damage.

For Option D, We will pay You the difference between the Standard Agistment Income and the Agistment Income earned during the Indemnity Period.

Where cover under any other section of the policy results in a payment which could be covered under this Business Interruption section, account will be taken of that payment in assessing the loss.

Exclusions

Flood

We will not pay for interruption of or interference with Your Business occurring during the period of insurance arising directly or indirectly from or in any way connected with Flood.

Agisted livestock

We will pay for reasonable transport costs to move Your Livestock to a suitable location or We will provide the cost of feed, if property on which insured Livestock is agisted suffers a loss of Pasture due to fire and Livestock can no longer be sustained at that location.

Loss of rent

If the insured Property or Pasture is destroyed by an insured event and You suffer loss of rent, We will pay Your loss of rent up to \$5,000. We will only pay loss of rent for up to twelve (12) months. We will only do this if:

- the property is farming in nature, and
- a written rental agreement is in place.

Cover for loss of rent will end, when Your property or Pasture is able to be rented.

We will only pay the above provided the sum insured on farm continuation expenses has not been exhausted.

Solar panels and wind turbines

We will pay You for loss of income following a claim for Damage to solar panels and wind turbines.

We will only do this if the Property is farming in nature. The amount We pay will be based on the average value per kwh that You were paid or credited in the last thirty (30) days prior to the claim. We only pay this benefit if Your solar panels or wind turbines are insured under Specified Farm Improvements and shown on Your Schedule.

The most We will pay is \$5,000 during any one period of insurance.

Reinstatement of sum insured

Following payment of a claim, You are fully insured again for the amount shown on Your Schedule, provided You pay or agree to pay any additional premium that may be required.

This does not apply when Your claim is for a total loss, as the cover for farming continuation expenses and Agistment Income will end upon payment of Your claim.

Special conditions that apply to this section only

We will not pay any claims if the Damage occurred after the Business had been dissolved, permanently discontinued, wound up, sold or was in liquidation or receivership.

You must produce any Documents or evidence that We may require for the purpose of investigating or verifying Your claim. This includes Documents which are held by Your regular accountant.

The above definitions may be used as necessary to calculate the trend of Your Business and for variations in or other circumstances affecting Your Business either before or after the Damage or which would have affected Your Business had the Damage not occurred, so that the figures thus adjusted shall represent as nearly as may be reasonably practicable the result which but for the Damage would have been obtained during the relative period after the Damage

Books of account means any particulars or details contained in Your books of account or other business books or Documents that may be required by Us for investigating or verifying any claim made under this section must be produced and if required by Us certified by Your auditors.
