8. How to make a claim

If You need to make a claim against this Policy, please refer to Section F, Condition 5.

9. Goods and Services Tax

The Premium includes GST. You must tell us about the input tax credit (ITC) you are entitled to for your premium and your claim, each time you make a claim. If you do not give us this information or if you tell us an incorrect ITC, we will not pay any GST liability you incur.

Our liability to you will be calculated taking into account any ITC to which you are entitled for any acquisition which is relevant to your claim, or to which you would have been entitled had you made a relevant acquisition.

In respect of your policy, where you are registered for GST purposes you should calculate the insured amount having regard to your entitlement to input tax credits. You should, therefore, consider the net amount (after all input tax credits) which is to be insured and determine an insured amount on a GST exclusive basis.

This outline of the effect of the GST on your policy is for general information only. You should not rely on this information without first seeking expert advice on the application of the GST to your circumstances.

'GST', 'input tax credit', 'acquisition' and 'supply' have the meaning given in A New Tax System (Goods and Services Tax) Act 1999.

10. Coinsurance

Certain coverages under this Policy, Electronic Equipment (coverage A2 & A3), Deterioration of Specified Property and Interruption Insurance contain coinsurance clauses that may limit the amount that We pay when You have a claim where You have understated a Limit of Liability or declared value. It is up to You to ensure that the Limit of Liability or declared value You wish to insure for is correct at the start of the Period of Insurance.

More information about the specific application of the co-insurance clauses are set out in the specific coverages.

Example for deterioration of Specified Property

You insure Specified Property to a Limit of Liability of \$1,000,000.

Damage to Specified Property amounting to \$400,000 occurs from an event covered by this Policy.

The insurable value of Specified Property at the commencement of the Period of Insurance calculated in accordance with the coverage Deterioration of Specified Property was \$1,500,000.

The coinsurance percentage under the coverage, Deterioration of Specified Property is 80%.

Coinsurance applies because the declared value or Limit of Liability is less than 80% of the insurable value calculated in accordance with the coverage, Deterioration of Specified Property.

$$\text{Claim payment} = \frac{\$1,000,000 \times \$400,000}{\$1,500,000 \times 80\%} = \$333,333$$

In this example, We would pay \$333,333 for the cost to reinstate Your Specified Property, subject to the application of any Deductible.

Please note the above example does not take in to account Your Input Tax Credit Entitlement.

Example for Interruption Insurance

Your declared value for Gross Profit is \$1,000,000.

A Breakdown causes a loss of \$200,000 by an event covered by this Policy.

The correct declared value for Gross Profit at the commencement of the Period of Insurance calculated in accordance with the definition was \$1,200,000.

The Interruption Insurance states that cover will be proportionately reduced.

Coinsurance applies because the declared value or Limit of Liability is less than the insurable value calculated in accordance with the respective Interruption insurance coverage.

$$\text{Claim payment} = \frac{\$1,000,000 \times \$200,000}{\$1,200,000} = \$166,667$$

In this example, We would pay \$166,667 for the loss of Gross Profit, subject to the application of any Deductible.

Please note the above example does not take in to account Your Input Tax Credit Entitlement.

11. In use or connected ready for use

Certain coverages in this Policy use the phrase “in use or connected ready for use” which is an important term within the Policy, please refer to Section E: Special provisions applicable to all sections of this Policy which clearly sets out its meaning including any testing and statutory certification requirements and clarifications as to what this phrase means in particular circumstances.

12. Where 'prior consent' is required from Us

There are some covers under this Policy, where You will need to obtain Our prior consent, for example, before incurring costs. Where prior consent is required, consent must be obtained from Us. Our consent will not be unreasonably withheld or delayed.

Where prior consent has not been obtained as required, it does not mean You cannot make a claim. However, We may be able to reduce the claim payable by an amount that fairly represents the extent to which the Our interests were prejudiced by the failure to obtain prior consent.

13. Payment of reasonable and/or necessary costs or expenses

A range of different costs and expenses are covered under this Policy. Unless otherwise specified in the Policy, the Policy provides cover for the reasonable and/or necessary amount of such cost or expense. Reasonable and/or necessary amount means an amount that is not excessive and where You have given reasonable consideration in the circumstances to the different courses of action available prior to incurring the amounts and the course of action taken was prudent in that context.

Where consent is also required before incurring such costs or expenses, when You contact Us to seek Our consent, You can let Us know the steps You have taken to consider the courses of action available and discuss the circumstances with Us. If the amounts which are to be incurred are reasonable and/or necessary in the circumstances, We will provide consent for the costs or expenses to be incurred.

Section A. Property damage

Coverage A1. Equipment breakdown

1. Coverage agreement

Subject to the terms, Section D Exclusions and Section F Conditions of this Policy, We agree that if during the Period of Insurance a Breakdown shall occur to Equipment which is in use or connected ready for use at a Situation, specified in the Schedule, We will pay for loss:

 - (ii) replace the damaged property with similar (not necessarily new) property of like kind, capacity, size, quality and function.

Included in these costs will be the reasonable and necessary cost of cleaning, storing, recycling or replacing any gas or fluid used as transfer or insulating media in the operation of the Insured Property.

(b) for Media, the cost of blank material.

(c) for exposed film, records, manuscripts, drawings and other valuable papers and records, the cost of blank material and cost of transcription from duplicates or from originals.

2. the cost incurred in repairing or replacing any part or parts of a piece of damaged Insured Property which is greater than the cost of repairing or replacing the property in its entirety;
3. more than the cost that would have been incurred to replace the damaged Insured Property with the closest similar property available that is of like kind, capacity, size, quality, condition and function to the damaged Insured Property in the event that the replacement is of a better kind or quality or of a larger capacity or size; or
4. more than the cost that would be incurred to replace the damaged Insured Property at the same or an adjacent site.

3. Deductible

The Limit of Liability is inclusive of the Deductible. The amount of any compensation otherwise payable by Us for this coverage shall, therefore, be reduced by the Deductible.

4. Limit of liability

Our maximum liability under this coverage shall not exceed the amount stated as the Limit of Liability in the Schedule against this coverage for any One Breakdown.

4. Deductible

The Limit of liability is inclusive of the Deductible. The amount of any compensation otherwise payable by Us for this coverage shall, therefore, be reduced by the Deductible.

5. Limit of liability

Our liability for each item insured under this coverage shall not exceed the amount stated as the Limit of Liability in the Schedule against that item. If the Limit of Liability for the item is less than the New Replacement Value of the item, Our liability shall be proportionately reduced.

Optional coverage A3 to Section A

The insurance provided under this coverage is optional to Section A and only applies if it is specified in the Schedule and is subject to the terms, Section D Exclusions and Section F Conditions of this Policy, unless otherwise stated.

2. Additional extensions

For the purpose of this coverage, Optional coverage A2 – Fire and other perils, shall automatically apply in full to all the items specified under this coverage.

3. Additional exclusions

We shall not be liable for any loss or damage:

- (a) due to theft or attempted theft while the item is unattended, where You have not taken reasonable precautions to ensure the safety and security of the item. For example, not ensuring the item is locked inside a building, out of sight inside a locked Vehicle or locked inside a safety unit when unattended, where it would have been reasonable to do so;
- (b) whilst the item is installed in or carried in or on an aircraft, aerial device, waterborne vessel or craft, unless You carry the item as personal cabin baggage;

- (e) whilst the item is at a premise, outside of a Situation, for the purpose of being serviced, repaired or altered.

4. Deductible

The Limit of liability is inclusive of the Deductible. The amount of any compensation otherwise payable by Us for this coverage shall, therefore, be reduced by the Deductible.

5. Limit of liability

Our liability for each item insured under this coverage shall not exceed the amount stated as the Limit of Liability in the Schedule against that item. If the Limit of Liability for the item is less than the New Replacement Value of the item, Our liability shall be proportionately reduced.

New Replacement Value means the cost to replace the item of electronic Equipment with a new equivalent item of electronic Equipment, including reasonable and necessary costs for installation, testing, transportation and import duties, if applicable.

Section B. Optional coverages

Each coverage provided in Section B is optional and only applies if it is specified in the Schedule and is subject to the terms, Section D Exclusions and Section F Conditions of this Policy, unless otherwise stated.

Coverage B1. Deterioration of specified property

1. Coverage agreement

We will pay:

- (a) the amount of loss or damage to, and the cost of disposal of, Specified Property owned by You;
- (b) the amount of loss or damage to, and the cost of disposal of, Specified Property of others in Your care, custody or control and for which You are legally liable; and
- (c) the amount of expense incurred by You to reduce or avert such loss or damage and which You have Our prior written consent, or alternatively an expense which is reasonable and does not result in the total amount that otherwise would have been paid under (a) and/or (b) above being exceeded had the expense not been incurred;

provided that the loss or damage and expense to Specified Property is due to:

1. Breakdown of the Equipment;
2. the operation or failure to operate of any switch, thermostat, control, fuse, circuit breaker or overload device which is included in the definition of Equipment and which is used for the operation of the Equipment at a Situation specified in the Schedule, but not including the manual operation or setting of such switch, thermostat, control, fuse, circuit breaker or overload device;
3. the sudden leakage of refrigerant from the Equipment;
4. contamination caused by the escape of refrigerant or liquid from the Equipment;
5. an event as described in 1-4 above to equipment which is owned by the building owner at the Situation, a public utility or an entity contracted by You or the building owner, which is used to supply steam, gas, air, water, refrigeration, electricity, telephone or internet services to a Situation specified in the Schedule, provided the equipment is of a type described in the definition of Equipment; or
6. failure of public electricity supply caused by,
 - (a) an accidental and unforeseen failure of public electricity supply services; such accidental and unforeseen failure shall not include:
 - (i) any deliberate act by a public supply authority;
 - (ii) any intentional interruption of the electricity service by a public supply authority in the case of flood, fire, storm or natural disasters; or
 - (iii) any scheme of rationing which is not necessitated solely by accidental damage to the generating or supply equipment of the public supply authority; or
 - (b) a deliberate act by a public supply authority performed for the sole purpose of safeguarding or protecting any part of the public supply system, where imminent risk of injury or damage was present;

which occurs during the Period of Insurance and whilst this coverage is in effect, where such equipment is in use or connected ready for use at or supplying a Situation specified in the Schedule and subject to the Limit of Liability specified in the Schedule for this coverage.

As soon as reasonably possible after an event as described in 1-6 above You must utilise reasonably available means to reduce the loss or damage to the Specified Property, for example using other storage facilities to store the Specified Property or utilise surplus machinery, spare parts, equipment, supplies and surplus or reserve stock to help reduce loss or damage, which are either owned or controlled by You or are obtainable from other reasonably available sources. We will reduce Our liability for loss or damage caused to the Specified Property to the extent that Your failure to comply with this requirement caused or contributed to such loss or damage.

Where you have not taken reasonable available means as described above, We may contact you to discuss actions that We may take that are reasonably necessary to reduce or avert such loss or damage in whole or in part, for example the disposition of the Specified Property that is salvageable.

All expenses incurred by You under clause (c) of this coverage Agreement shall be a part of and not in addition to the Limit of Liability.

In the event that You replace the damaged or destroyed Specified Property, We shall not be liable for more than the cost to replace such Specified Property at the soonest practicable time that the Specified Property could be replaced.

In the event that You do not replace the damaged or destroyed Specified Property, We shall not be liable for more than the actual cash value. Actual cash value means the cost of replacing the damaged Specified Property at the time of the loss or damage with property of similar kind and quality, less allowance for age, condition and normal life expectancy, if applicable, of the Specified Property.

2. Additional benefits

- (a) Coverage is extended to include, within the Limit of Liability, loss or damage to, and the cost of disposal of, the Specified Property insured under this coverage whilst it is in storage at an alternative location anywhere in Australia (or in transit thereto or therefrom) as a consequence of an event described in 1-6 of the coverage agreement above, and for the sole purpose of preventing or mitigating a loss under this coverage.

For the purpose of this Additional benefit (a) only;

- (i) the Definition of Equipment is amended to include any mechanical, hydraulic, electrical or electronic apparatus, or Pressure Plant, forming part of a refrigeration unit which is permanently installed and located on a Vehicle that is owned, leased, operated or controlled by You.

- (ii) the Definition of Situation is amended to 'anywhere in Australia'.

- (b) Coverage is extended to include, within the Limit of Liability, loss or damage to, and the cost of disposal of, property of the same type as Specified Property, including its packaging, which at the time of the event as described above in 1-6 under 1. Coverage agreement is in transit to a Situation, specified in the Schedule, and such loss or damage results from the inability of such property to be stored at the Situation due to such event.

- (c) Following an indemnifiable loss, We will also pay the costs, within the Limit of Liability, reasonably and necessarily incurred by You in the cleaning and disinfection of the area where the damaged Specified Property was kept at the time of deterioration, where it is necessitated due to the deterioration of the Specified Property.

3. Coinsurance

This coverage is subject to an 80% coinsurance percentage unless otherwise stated in the Schedule. We shall not be liable for the payment of a greater proportion of the amount of loss than the Limit of Liability specified in the Schedule bears to the amount obtained by applying the coinsurance percentage to the total actual replacement cost, at the time of the event as described above in 1-6 under 1. Coverage Agreement, of all Specified Property at or in transit to the Situation, less the Deductible. Refer to the heading "Coinsurance" on Page 5 for an example of how coinsurance operates.

4. Deductible

The Limit of liability is inclusive of the Deductible. The amount of any compensation otherwise payable by Us for this coverage shall, therefore, be reduced by the Deductible.

The Deductible is applied to the amount of compensation which is payable after having first applied the Limit of Liability and coinsurance.

Coverage B2. Interruption insurance – Loss of gross profit, payroll and additional increase in cost of working

1. Coverage agreement

We agree that if the Business carried on at a Situation specified in the Schedule is interrupted or interfered with, We will pay You the amounts for the insured items below as specified in the Schedule, resulting from such interruption or interference, to the extent the interruption or interference was caused by a Breakdown during the Period of Insurance to an item of Equipment which is in use or connected ready for use at an insured Situation. For interruption or interference caused by something other than a Breakdown, the amount we pay You will be reduced proportionally to reflect the other cause(s). This coverage will be subject to the Indemnity Period and the Limit of Liability for the respective item below.

2. Basis of insurance

Item No 1. Gross profit

The insurance under Item No 1 is limited to the loss of Gross Profit due to (a) reduction in Turnover and (b) increase in cost of working, and the amount payable as indemnity shall be:

- (a) in respect of reduction in Turnover: the sum produced by applying the Rate of Gross Profit to the amount by which the Turnover during the Indemnity Period falls short of the Standard Turnover due to the interruption or interference caused by the Breakdown; and
- (b) in respect of increase in cost of working: the additional expenditure reasonably and necessarily incurred for the sole purpose of avoiding or diminishing the reduction in Turnover during the Indemnity Period due to the interruption or interference caused by the Breakdown, but not exceeding the sum produced by applying the Rate of Gross Profit to the amount of the reduction thereby avoided;

less any sum saved during the Indemnity Period in respect of such of the charges and expenses of the Business payable out of Gross Profit as may cease or be reduced due to the interruption or interference caused by the Breakdown.

Provided that if the declared value of Gross Profit at the commencement of each Period of Insurance is less than the sum produced by applying the Rate of Gross Profit to the Annual Turnover (or its proportionately increased multiple where the Indemnity Period exceeds twelve (12) months), the amount payable as compensation shall be proportionately reduced.

The maximum amount payable during the Indemnity Period is the Limit of Liability.

Item No 2. Payroll (dual basis)

The insurance under Item No 2 is limited to loss in respect of Payroll and the amount payable as indemnity shall be:

(a) In respect of reduction in Turnover:

- (i) during the initial period of the Indemnity Period, beginning with the Commencement of Liability and ending not later than the number of weeks thereafter specified in the Schedule: the sum produced by applying the Rate of Payroll to the Shortage in Turnover during the said portion of the Indemnity Period less any sum saved during the said portion of the Indemnity Period as a result of any reduction in the amount of Payroll paid, due to the interruption or interference caused by the Breakdown.
- (ii) during the remaining portion of the Indemnity Period: the sum produced by applying the Rate of Payroll to the Shortage in Turnover during that said remaining portion of the Indemnity Period less any sum saved during the said remaining period of the Indemnity Period, as a result of any reduction in the amount of Payroll paid due to the interruption or interference caused by the Breakdown; but not exceeding the sum produced by applying the percentage of the Rate of Payroll specified in the Schedule to the Shortage in Turnover during the said remaining portion of the Indemnity Period, increased by such amount as is deducted for savings under the terms of Clause (a) (i).

At Your option the number of weeks referred to in Clause (a) (i) above may be increased to the number of weeks specified in the Schedule under the heading "Consolidated Period"; provided that the amount arrived at under the provisions of Clause (a) (ii) shall not exceed such amount as is deducted under Clause (a) (i) for sums saved during the said increased number of weeks.

(b) In respect of increase in cost of working:

So much of the additional expenditure described in Clause (b) of Item No 1 Gross Profit as exceeds the amount payable, but not more than the additional amount which would have been payable in respect of reduction in Turnover under the provisions of Clauses (a) (i) and (ii) of Item No 2 had such expenditure not been incurred.

Provided that if the declared value of insured Payroll at the commencement of each Period of Insurance be less than the sum produced by applying the Payroll Limits (as stated on the Schedule) to the sum produced by applying the Rate of Payroll to the Annual Turnover (or its proportionately increased multiple where the

Indemnity Period exceeds twelve (12) months), the amount payable as compensation shall be proportionately reduced. The Limit of Liability shall represent the maximum amount payable during the Indemnity Period.

Item No 3. Additional increase in cost of working

The insurance under Item No 3 is limited to such further increase in cost of working, beyond that recoverable under Clause (b) of Item No 1 and/or Item No 2 above, reasonably and necessarily incurred during the Indemnity Period due to the interruption or interference caused by the Breakdown for the purpose of avoiding or diminishing a reduction in Turnover and/or resuming and/or maintaining Normal Business operations and/or services.

You may provide and We may request reasonable information required to establish what adjustments need to be made and We will consult with You in relation to any adjustments that are to be made.

If during the Indemnity Period goods shall be sold or services shall be rendered elsewhere than at the Situation for the benefit of the Business either by You or by others on Your behalf, the money paid or payable in respect of such sales or services shall be brought into account in arriving at the Turnover during the Indemnity Period.

Any payment for which We are liable with respect to any coverage shall be considered a loss under that coverage.

11. Mortgagee interest

If a mortgagee is named in this Policy with respect to any insured Situation, any amount We pay for loss to Your property at the Situation shall be paid jointly to You and the mortgagee as their interest may appear.
